

# In Towne Marina

## *Boat Slip Application Form for Powerboats*

Thank you for your interest in our family-owned and operated marina. We've been in business serving visitors to Lake Waconia for over 33 years. Our goals are to provide our guests with a relaxed atmosphere, quality service, and a safe facility to keep your boat and enjoy the lake. We live on premise to personally watch over your boat.

Our boat slips for powerboats (up to 23 ft. max) are two-sided wood post construction and customized to fit your boats length and width.

Our store carries boating supplies, bait and fishing supplies, snacks, licenses, and ice. We also sell marine-grade premium gas. Fall and Winter boat storage and summer trailer storage can be arranged.

*Please fill in as much information as you can. It helps us determine if we can fit your boat into a potential opening. We will contact you if a boat slip becomes available. All information is confidential and will NEVER be shared.*

### **Winter Boat Storage & Summer Trailer Storage**

We offer leases for Indoor & Outdoor Winter Storage, as well as Summer Trailer Storage.

*We own a large storage building, therefore people who store INDOORS with us are prioritized on the waiting list.*
