Mooring Buoy Application Form for Sailboats

Thank you for your interest in our family-owned and operated marina. We've been in business serving visitors to Lake Waconia for over 33 years. Our goals are to provide our guests with a relaxed atmosphere, quality service, and a safe facility to keep your boat and enjoy the lake. We live on premise to personally watch over your boat.

Mooring buoys for sailboats are weighted and supported by chains to fit your boats size. Free shuttle service to your boat is provided during business hours. After hours, a rowboat is available to dinghy to and from buoys. A boat slip is dedicated (only for buoy customers shared use) for a short break or to pick up guests and goods.

Our store carries boating supplies, bait and fishing supplies, snacks, licenses, and ice. We also sell marine-grade premium gas. Fall and Winter boat storage and summer trailer storage can be arranged.

Please fill in as much information as you can. It helps us determine if we can fit your boat into a potential opening. We will contact you if a mooring buoy becomes available. All information is confidential and will NEVER be shared.

Winter Boat Storage & Summer Trailer Storage

We offer leases for Indoor & Outdoor Winter Storage, as well as Summer Trailer Storage.

We own a large storage building, therefore people who store INDOORS with us are prioritized on the waiting list.
